Neuland Rental and purchase price list

2025

as of July 24, 2025

General information about product rental

Thank you for your trust in our company. After many years of providing rental and technical support for conference, video, and meeting technology, rent4event named us Neuland's „Official Rental Partner“ at the beginning of 2017. In these more than eight years of partnership, we have continually optimized our service to ensure a completely successful event for you.

Please note the following information:

- All prices are net prices.
- The prices for Neuland pinboards, flipcharts, whiteboards, and GraphicWalls are rental prices; the prices for consumables such as markers, pins, paper, etc. are purchase prices.
- All prices exclude delivery/collection. For information on these costs, please contact us for a non-binding quote.
- Optionally available: Assembly and disassembly by us as well as storage of the empty boxes.
- Depending on the order quantity, product type, desired delivery method, etc., Neuland rental products are delivered to you either in rollable cardboard cases or flight cases. These transport materials must be able to be stored by the customer or on-site until they are returned (especially in the case of freight forwarding).

NEW in this price list: Links to the rental products as well as dimensions and photos of the shipping cases. Also read our guide: [Notes regarding return shipping, storage of empties and dimensions](#)

We'll be happy to provide you with a quote promptly. Please include the following information in your inquiry by phone, email, or [contact form](#):

- Which / how many rental items are needed?
- For purchased items: Please provide the item numbers.
- Date / number of days of use.
- Event location.
- Do you require delivery, pickup, or setup? If so, please provide the delivery/pickup date.

We look forward to your inquiry and are of course available to answer any [questions you may have](#)!

Your rent4event Team

Our tip: Simply select the desired items on the [Neuland products page](#) and then fill out the contact form with information about the quantity, delivery location, and delivery details. That way you can't miss anything.

Neuland Pinboard EuroPin[®] MC

- Foldable professional pinboard – easy to assemble without tools
- Extendable legs and foldable feet, no loose parts
- Super lightweight thanks to aluminum construction (7 kg)
- Powder-coated aluminum frame, carrying handle
